

The organizers of the 10th edition of the **International High School Business Challenge** warmly invite you to take part in the **Competition for Teachers**. We believe that thanks to the involvement of those who are closest to students, together we can once again **spark young people's interest in entrepreneurship and the world of business**. The goal of the Teachers' Competition is to promote the High School Business Challenge, broaden its audience, and encourage students to take part.

## What should you do to take part in the Teachers' Competition?

1

Provide students with information about the competition. You can find it on the competition's website and in the attached materials.

2

Ask them to indicate you (first and last name) in the application form for the High School Business Challenge, in the section "How did you hear about the competition".

## Prize in the competition

The prize is an e-book reader KINDLE 11. The winner will be the teacher whose name is indicated the most times in the registration form.

If you have any additional questions, we encourage you to contact us directly via Facebook or by email:
